

ANNUAL INDEX

1935

Volume 41	Numbers 1 through 12	Page
-----------	----------------------	------

COVER DESIGNS		
Subjects: Seventy-First Annual Midwinter Meeting, Chicago Dental Society, January.	191	
Morton and Wells, Discoverers of Anesthesia, February.	88	
Health Insurance, March.	76	
State Dental Meetings, April.	396	
Child Health Month, May.	384	
Digest Subjects, June.	154	
Diagnostic Aids, July.	352	
The Cost of Dental Care, August.	330	
American Dental Association, New Orleans Meeting, September and October.	45	
Greater New York Dental Meeting, November.	4	
American Dental Association Relief Fund, December.	194	
CROWN AND BRIDGE		
Adelson, A. B.: The Construction of an All-Cast Richmond Crown, February	46	50
Freedman, Hyman: Close Bites and Doubtful Abutments in Fixed Bridgework, September	288	396
Graver, Carl J.: Bridge Repair Technique, June	193	76
Schweitzer, Jerome M.: Extensive Prosthetic Restorations, June	182	352
Stevenson, G. A.: A Method of Repairing Broken Bridge Facings, August	272	330
Wills, N. G.: Dental Model Surveying, July	222	45
Wolfson, Edward: The Insertion of a Fixed Bridge Immediately After Extraction, June	186	154
DIETETICS AND NUTRITION		
Dental Scene: Dental Caries and the Comic, April	135	154
Price, Weston A.: Why Dental Caries with Modern Civilizations? Field Studies Among the Polynesians and Melanesians of the South Sea Islands, Installment 12, May	161	384

Installment 13, June 191

ECONOMICS

A Simplified Adaptation of the Social Security Bill for Health Insurance, March	88
Fisher, Winfield S.: The Cost of Dental Care: Its Significance in Present Trends in Dentistry, August	250
Phillips, Herbert E.: The Profession and Third Party Practice, January	14

ESTHETICS

Cross, Kent Kane: Esthetics as Related to Dentures, November	366
Miller, Samuel Charles: A Simple Method for Improving Tooth Function and Face Form, March	85
Miller, Samuel Charles and Rosof, Irving L.: The Use of Dental Restorations in Improving Function and Facial Contour, November	364

EDITORIALS

(The Editor's Page)

Subjects: Chronic Arthritis, January	19
Diet and Dental Caries, February	49
Health Insurance Plans, March	94
The Changing Concept of Dental Disease, April	123
The Magna Charta for American Childhood, May	167
The Advertising Dentist in Third Party Practice, June	197
Foods and Nutrition, July	236
Practical Dental Economics, August	271
Healing of the Extraction Wound, September	302
The Present Concept of Focal Infection, October	337
Accidents During Injections, November	369
The Dentist's Opportunity, December	200

FULL DENTURE PROSTHESIS

Brown, Harold O.: How to Use Artificial Dentures, December	392
Farmer, Willard T.: A Simple and Thorough Method of Setting Up Teeth, September	284

Hardy, Irving R.: Immediate Maxillary Dentures, February	50
Comments on Nonanatomic Posterior Tooth Forms, December	396
Hawkes, L. A.: Prosthetic Method of an Edentulous Dentist, March	76
LaDue, John B.: Accurate Registration for Centric Relation, December	384
Landa, Joseph S.: The Importance of Phonetics in Full Denture Prostheses, May	154
Longcamp, H. J.: Determining the Correct Posterior Palatal Extension of Full Upper Dentures, November	352
Nathanson, Albert J.: The Simplicity of the Working Bite, October	330
Page, Melvin E.: Denture Space or Vertical Dimension, February	45
Rostov, Henry E.: The Use of the Intermaxillary Matrix in the Construction of a Single Full Denture, June	194

LAY EDUCATION

The Education of the Dental Patient (Charts)	74
V. (Second Series) The Development of Jaws and Teeth, January	4
VI. (Second Series) The Action of Local Anesthesia, March	74
VII. (Second Series) Pyorrhea Treated or Neglected, May	146
*I. (Third Series) The Fifth Cranial or Trigeminal Nerve, July	214
II. (Third Series) "A Little Neglect May Breed Mischief . . ."	282
September	282

MEDICINE

Finkler, Rita: The Teeth and Endocrine Disturbances, June	200
Reynolds, Ralph A.: The Relation of Calcium Metabolism to the Endocrine Glands, July	229
Salman, Irving: Blood Dyscrasias and Their Relationship to the Oral Cavity, May	150

*Originally published as a chart in the Second Series.
